

SAN FRANCISCO MUSEUM OF MODERN ART SCULPTURE GARDEN

SAN FRANCISCO, CA

Project Description

The San Francisco Museum of Modern Art Sculpture Garden held a design competition for a sculpture garden located on roof of the parking garage adjoining the museum. The winning scheme, developed by Jensen & Macy Architects and CMG features a bridge from the museum to the garden, a panoramic overlook from the 5th-floor gallery, a pavilion, and a lichen-covered wall that frames the rooftop gallery.
